

Mini kitchen module 6350-ESFS, Left incl. stainless steel sink with 1 bowl. Prepared for hob with 2 cooking zones, width 39.0" (99 cm)

Wall mounted, Cranked Height Adjustable Mini kitchen module - 6350-ESFS. The module contains stainless steel sink with one shallow sink bowl. It is prepared for glass ceramic hob with two cooking zones.

The module is available in left or right version.

The modules have a 0.4" (10 mm) shorter width to automatically give 0.2" (5 mm) gap on either side of the unit for the up and down movement. They are also 0.6" (15 mm) shallower in depth to make room for splash protection/tiles.

The module can be integrated into environments from any kitchen manufacturer.

Functions and advantages

- 11.8" (30 cm) stepless height adjustment by a cranked winding handle
- Adjustable depth 22.7"-23.9" (576-606 mm) incl. front
- Tilttable worktop plane for adjustment

The combination includes the following products
